Comments

25. Describe what you really enjoy about the class.

- I have a job in television production, so I did not learn a lot of new stuff from taking this class. However I really enjoy working with Professor Mailhiot and the other students. Brooke got the students hands of the equipment and had us learn through experience, which is the only way to learn this type of work.

26. How could the instructor make this class better?

- A more detailed course assignments list. Otherwise, no improvements needed.

32. Please provide any other final comments you have.

- RCBC needs to figure out what they are doing about this course. I signed up for a 4 hour class but was informed halfway through that it is actually a 6 hour class because somebody made an error. Very disappointing on how the college is handling this particular course. Also RCBC should put more funding into the TV Studio to upgrade the live control machine to something newer, like the TriCaster.

25. Describe what you really enjoy about the class.
- Fun and interesting
 - she loses work
 - I seriously love this class its so amazing. i literally enjoy it all.
 - Its different from my other classes.
 - I like how mailhoit , likes to have a group discussion with the class every day we have class on the subject she is teaching us about , whether it be TV, Radio, or movies.
 - The analyzation of the effect of media on everyday life and how we perceive certain things.
 - I have a job in television production, so I did not learn a lot of new stuff from taking this class. However I really enjoy working with Professor Mailhoit and the other students. Brooke got the students hands of the equipment and had us learn through experience, which is the only way to learn this type of work.

- It's very open and allows me to express my own creativity.
- Good experience
- I enjoy the movies we watch as examples for our editing.
- I enjoyed being able to edit videos with Final Cut pro and create my own short films and trailers.

26. How could the instructor make this class better?

- Nothing
- make sure she gets everyone work
- She doesnt have to its already amazing when you walk in to class.
- How she makes up her quiz's did not help me at all.
- I think that we could learn better if we , weren't reading information straight of her power points.
- The instructor could not make this class better.
- A more detailed course assignments list. Otherwise, no improvements needed.
- Have a book
- She does a good day as it is.

32. Please provide any other final comments you have.

- cool
- If i could have any other professor over again i would love to have her. She is the most amazing women and her aura is wonderful. Best professor EVER!!!!
- RCBC needs to figure out what they are doing about this course. I signed up for a 4 hour class but was informed halfway through that it is actually a 6 hour class because somebody made an error. Very disappointing on how the college is handling this particular course. Also RCBC should put more funding into the TV Studio to upgrade the live control machine to something newer, like the TriCaster.
