25. Describe what you really enjoy about the class.

- Hands on, helpful, helps expand knowledge
- I enjoy using the cameras and getting to work on set of a mock TV production. It really shows how much work goes into making newscasts. It's a very interesting course overall.
- I love everything about this class. This class and professor have been the best. Never have had any problems with the professor shes fun and treats us like adults.
- I love Brooke. She is very wise in her field and I am glad to have had her as my instructor. She made class fun and interesting. she is a very understandable person. Her achievements have encourage me to strive for my major.

26. How could the instructor make this class better?

- Nothing
- Cameras were not used as often as they could be. Many assignments, even ones that are tough to get done in a short period of time, are due too soon after finding out about them. Instructor does not communicate updates to the course very effectively.
- Perfect as is, would not change a thing.
- she knows what she's doing and what she is talking about.

25. Describe what you really enjoy about the class.

- Hands on, helpful, helps expand knowledge
- I enjoy using the cameras and getting to work on set of a mock TV production. It really shows how much work goes into making newscasts. It's a very interesting course overall.
- I love everything about this class. This class and professor have been the best. Never have had any problems with the professor shes fun and treats us like adults.
- I love Brooke. She is very wise in her field and I am glad to have had her as my instructor. She made class fun and interesting. she is a very understandable person. Her achievements have encourage me to strive for my major.
- Hands on, fun, helpful
- Hands on, helpful, interesting
- class provided a lot o thing enjoyable. Was very educational nd the teacher was very proactive.

26. How could the instructor make this class better?

- Nothing
- Cameras were not used as often as they could be. Many assignments, even ones that are tough to get done in a short period of time, are due too soon after finding out about them. Instructor does not communicate updates to the course very effectively.
- Perfect as is, would not change a thing.
- she knows what she's doing and what she is talking about.
- I think using a textbook should be required, particularly for students who are not used to editing software
